Total Zipper Technology

Designed for Powdered or Granulated Products

A revolution in packaging for challenging products, the Particle Plow slider provides reliable closing when it's needed most. Put your trust in our innovative Slide-Rite® team. Putting nearly two decades of slider experience to work for your product.

Features

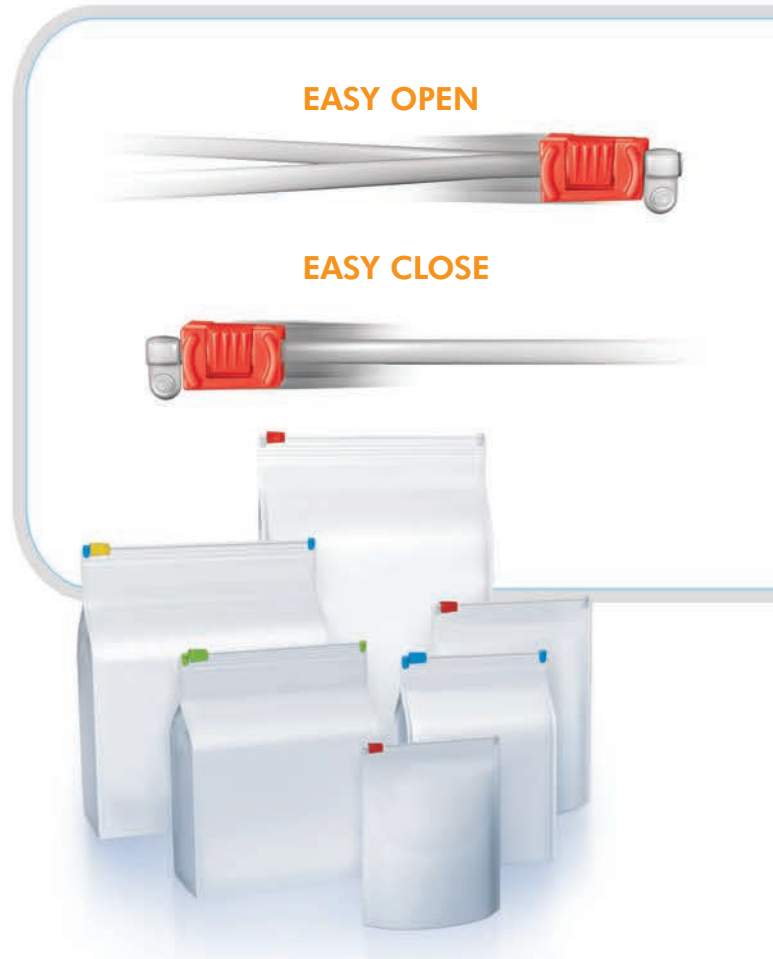

- Plow clears particles out of the track, allowing the package to close properly
- Plow also provides high-end retention values
- Can be attached by multiple insertion platforms
- Patented technology for smooth, low drag force sliding action

Insertion Equipment

- SR-T100 and SR-202 inserter models
- Ultrasonic or clip end-terminations possible (clip solution provides highest end retention values)
- Compatible with numerous Open-Fill-Seal and manually fed sealing equipment
- Patented Top-Fill Tamper Evident and "Hooded" systems allow filling around the closure
- Slider integration technology available as part of OEM machinery or as a retrofit on FFS and pre-made bag converting equipment

Stock Colors

Red, white, and yellow. Other color options available upon request.

Contact one of our slider sales professionals today, and we'll find a solution for virtually any flexible packaging need.

Basic Properties	Target	Minimum	Maximum
Length (in.)	0.614	0.604	0.624
Width (in.)	0.406	0.396	0.416
Top Retention*	20 lbs.	16 lbs.	25+ lbs.

Quantity	Weight
8,000 sliders/box 45 boxes/pallet	Net: 11.64 lbs./box

* Retention values will vary depending on the track type used and the bag style/materials.
