

Thermoform Zippers from Fresh-Lock®

Loaded with Benefits for Processed and Sliced Meat Packaging

Fresh-Lock® Thermoform Zippers are engineered for processed and sliced meat packs produced on thermoform/fill/seal equipment. Our newest zippers were designed for the demands of a variety of flexible

packaging applications. The meat zipper is flexible, allowing it to feed smoothly into the equipment. Colored locks are available in a variety of colors to coordinate with your package graphics.

Zipper Specifics

- Easy-grip flange and easy-close zipper profile allows for trouble-free handling
- Soft Seal® material provides a high-integrity side seal using less crushing energy
- Sealant layer enhances sealability and compatibility to a wide variety of film
