## FRESH-LOCK® Style 291 ME Zipper The Meat Packager's Seal of Approval

- Patented design is engineered for the demands of processed and sliced meat packaging
- Double track zipper style is used for two-up operation
- Extra-thick flange is thinner at the outer edge, thicker near the seal area, allowing the film web and flange to seal tightly across the width of the package
- Special sealant makes it possible to seal to the Surlyn coated films used by many packagers
- Pliable zipper profile feeds smoothly, seals cleanly in the thermoform fill & seal packaging process
- Concave/convex zipper feature makes it easy for consumers to grip the flange, open and reseal the zipper
- Substantial, easy-lock tracks allow consumers to feel the zipper seal tightly through the packaging film

### Packaged with Benefits for Processed Meats

Presto's Style 291 FRESH-LOCK® zipper is a prime alternative for reclosable meat packages. It's packed with process-friendly features, like a pliable profile that feeds smoothly into thermoform fill & seal equipment and a patented flange that seals tightly across the package.

The Style 291 also wins a "seal of approval" with consumers, thanks to an easy-grip flange and easy-close zipper profile for trouble-free handling.

#### ZIPPER SPECIFICATION

**Product Description: STYLE 291 - Dual Zipper-Surlyn Compatible**

**Product Code: GKL07268-1 20" Fiber Spool  
GKL07346-1 18" Plastic Spool**

**PROFILE WEIGHT:**

6.3 grams/ft +/- 0.3 grams/ft

**WIDTH MEASUREMENTS:**

49 mm +/- 1.5 mm mated width

**FOOTAGE / SPOOL:**

2,500 ft +100 - 0 ft

**SPOOLS / PALLET:**

16 spools

**FOOTAGE/PALLET:**

40,000 ft +1600 - 0 ft

**FINISHED SPOOL UNIT WEIGHT:**

~47 lbs

**PACKAGING:**

Spool 11.50" core length  
(Fiber) 1.5" shaft O.D.  
20" flange O.D.

Spool 14.85" width  
(Plastic) 1.5" shaft O.D.  
18.0" flange O.D.

**PROPERTIES:**

Zipper material(s): LDPE blend with special sealant  
Suitable for food contact applications  
Sealing temperature range: \*\* 200-280 °F  
Holding force from product side: 2.5 lbs target avg.

Each spool individually wrapped & placed in individual shipping case

\*\*Temperature range may vary depending on type of package film used.
